5. 2025-2026 School Improvement Plan - next year will be Mr. Jolleys 30th year in education. Using the data to make the improvement plan. Mr. Jolley went over this years plan and how the data connects to it. Early intervention is best. Just under \$32,000 last year. Might be a little more depending on the amendment. Keeping our goals similar with proficiency and/or a years worth of growth. Keep the math and science scores up there, how do we get the reading scores up? Looking to next year - what do we want to see the money used for? Saphirra - getting parents to pick up the reading at home. How do you encourage that? Jolley - we have the kids for 6-7 hours, focus on that Tier 1 instruction, then on interventions. Attendance percentage is low. Students who are struggling have poor attendance. Mr. Jolley will always advocate for a full time counselor. People make the difference over programs. Additional funding using that to support the academic needs. Ruth - what can PTO do to help with the academic needs of students? Keep all these things in mind. Come with ideas next meeting.
6. Adjourn - 3:45 pm

Present: Mrs. Miriah Wixom, Mr. Brad Jolley, Mrs. Sapphira Hardy, Ms. Ruth Millsap
