

Community Council Meeting 10-2-2014

Attending:

Jesseca Jessop
Patrick Pipkin
Daisy Cooke
Lucy Jessop
Tammara Barlow
Jack Eves
Maha Layton
LaRee Barlow

Introduction: Jack... Welcoming new parents, briefly explained that the council is an advisory to the school. Briefly talked about how last year we paid for extra paraprofessionals and promethean boards.

We want to be a one-to-one school where there is a device for each student here at the school. Briefly talked about our new fiberoptic internet cables.

We lost one council member and are looking for one new member. We are welcoming as many parents as are willing to be here. We are not limiting it to one member. There will be about 5 meetings each year.

Please call with ideas that you would like added to the agenda. This is a parent advisory committee.

Jesseca: told everyone that it is not a huge time commitment and it really is doable

Jack: We need a Chair and a Vice Chair. That is new "titles" for this year.

They agreed to just roll over from last year. Debbie as chair and Jesseca as the vice chair.

Patrick: Why not more funding from School Trust Lands?... Jack responded saying that it is based on the student count.

Jack addressed the UCASS.... School scoring on improvement. We have no prior score because it was our first year. This score breaks down data and compares to other students in the state. The scores are based on progress.

Dibbles scores will be shown with comparisons from this year to last year

Jesseca: Asked about the timeline on new HighSchool. Timeline and who will move. Jack assured that they are on time and 7th through 12th grade will be moving over.

Basketball is all set for boys and girls JV and Varsity. Each team has about 15 games. Most of the games are away games. We are part of Region 20

CCIP-Comprehensive plan. Teachers goals. You will have access to these goals. You can ask questions and give feedback. You are invited to follow along during school.

LaRee—what can we do for a PTA?... Jack, we need a parent to volunteer to be president! He also said that Lora (on the board) agreed to personally come out and train the PTA. Jesseca Jessop volunteered to be a PTA president. Jesseca gave everyone examples of what the PTA does and said she is willing to head that up.

Patrick suggested to look into more FFA programs. He recommended Nate Barlow who used to do it.

Jesseca complimented the school “it is the first and only school” to give her consistent feedback about her children.

Jack agreed to mail out minutes and future schedule. You will also need to go log on and approve what we talked about in this meeting.
