Dear Parents,

I would like to take this time to thank each and every one of you for an amazing school year. It always surprises me how fast the school year seems to fly by. This has been a great school year and I know it wouldn't be possible without a fantastic staff, along with incredible students and parents. We have seen so much growth in our students this year and are even more excited to see the growth in each of them in the coming years.

As most of you know; I will not be returning to Water Canyon next school year as I have been reassigned to Hurricane High School as the principal there. I would just like to take a moment and thank all of you for the kindness, support, and love you have shown me over the past four years. This is an incredible community with amazing families. I will always look at my time spent here with fondness as I have grown as a person and as an educator. I have many friends here and will always consider Hildale to be a very special place to me. Four years ago we started with 140 students and a dream to bring an incredible school to this community. We currently have 550 students and have begun a legacy of education, extracurricular activities and a message to the rest of Utah that we are Water Canyon! I wish all of you the very best in the future. Let your children know how much I care about them and look forward to seeing them grow and prosper in the future.
